Resolution of Class Solidarity with the People's Wars throughout the world

III. Meeting of Marxist-Leninist-Maoist Parties and Organizations in Europe

The Parties and Organizations of the III. Meeting send their warmest communist salutations to the Communist Parties in the world, that are waging People's War for the New Democratic Revolution in their respective countries and in service of the Proletarian World Revolution, as well as to all the combatants and masses under their leadership. In the People's Wars in Peru, India, Turkey and the Philippines, daring to fight and paying the toll with their precious blood, comrades stand in the thick of the struggle to sweep imperialism from the face of the earth. Their unwavering determination to achieve, with the principle and most developed form of class struggle which is People's War, the new democratic revolution, to progress without interruption to the socialist revolution so to then march towards communism by means of cultural revolutions is a shining beacon for the international proletariat and the peoples of the world.

In the midst of further embodiment of Marxism-Leninism-Maoism among the international proletariat and the rise of new organizations and parties that manifest as part of the new great wave for the Proletarian World Revolution, the Communist Parties leading the People's War play an important vanguard role, especially those in the oppressed nations which are the storm centers of the Proletarian World Revolution. A victory in any of these People's Wars will tip the scale even further

in favor of revolution and will have great repercussions in the balance between revolution and counterrevolution on world scale.

Every action, every step towards New Power and every blow against the reaction let us rejoice; every fallen comrade fulfills us with more determination to work and fight harder to fasten the downfall of imperialism. From Europe, we pledge to heighten our efforts to support them in any way necessary for the People's Wars to be victorious and redouble our efforts to facilitate the development of People's Wars in each and every country.

Long live the People's Wars in the World!
