## **Resolution on the III. Meeting of Marxist-Leninist-Maoist Parties and Organisations in Europe**

III. Meeting of Marxist-Leninist-Maoist Parties and Organizations in Europe

We, Marxist-Leninist-Maoist Parties and Organisations held our III. Meeting, continuing on the trajectory of the I. and II. Meeting, brought to live through the initiative of the V. Meeting of Marxist-Leninist-Maoist Parties and Organisations in Latin America. The successful conclusion of the III. Meeting marks another hallmark in the ongoing process of uniting in theoretical debate and joint action. On the basis of Marxism-Leninism-Maoism, principally Maoism, and in our ongoing struggle for ideological unity today, always implacably linked with the struggle against revisionism, we will increase our efforts in serving the Proletarian World Revolution.

Based on these principles the unity among the participating Parties and Organisations was deepened and we are committed to struggle to include all Parties and Organisations of the continent willing to unity with us on them. We send our particular greetings to the Parties and Organisations from other countries, who were, although invited, unable to participate due to particular problems. We salute the commitments made in their statements and we continue to struggle to include them as well as other communist forces,

from all parts of the continent, in our joint efforts.

We also send our wholeheartedly greetings to the Marxist-Leninist-Maoist Parties and Organisations in the storm centers of the Proletarian World Revolution in the oppressed countries and especially those in the forefront of the struggles. The People's Wars in Peru, India, Turkey and the Philippines are a beacon of inspiration and strengthen our revolutionary determination. Our position is clear and everyone should know that we understand these People's Wars as our own struggles and therefore we utterly reject any attack on them as an attack on the very core of our revolutionary commitment and we reject any liquidation of armed struggle and any capitulationist position of "Peace Accords" or other collaboration with imperialism, revisionism and reaction. In the case of the People's War of Turkey, due to some recent sinister events, we consider it necessary to highlight, that it is a basic principle for any communist, revolutionary and even revolutionarist Party, Organization, Movement or individual that under no circumstance you can collaborate with the old state, be it in imperialist or landlord-bureaucratic capitalist countries, in order to attack forces inside the ranks of the popular masses. To do so is a crime, and therefore we strongly condemn those how have denounced our Turkish comrades to the Police and other officials of the state and we demand an immediate withdrawal of these charges. We firmly stand behind the struggle of the revolutionary forces in Turkey.

We very clearly see how the communist in the world are advancing boldly and quickly, may it be the Parties leading People's War or those who are struggling to constitute or reconstitute their Parties in order to initiate People's War. Maoism is more and more advancing in leading the new great wave of the Proletarian World Revolution. There is a crying need to further impulse and develop the ongoing efforts to unite the communist of the world. We firmly take up the task

to struggle for the Unified International Maoist Conference and commit ourselves to do everything in our power to contribute to its success.

**Unite under Maoism!**

**Victory to the People's Wars!**

**Forwards in the struggle for the reconstitution of the Communist Parties!**

**Forwards to the Unified International Maoist Conference!**
