

# DEMVOLKEDIENEN.ORG — A NECESSARY CLARIFICATION

The so-called “National Committee of prisoners of war of Peru” („Comité Nacional de Prisioneros Políticos de Guerra del Perú“) is a group of traitors of the People’s War of Peru who among other things have responsibility to torture together with the prison guards the Comrades who have defended the red line of Chairman Gonzalo in the prisons, to break their revolutionary will. Now we have noticed that this gang tries to use such actions as those in Hamburg and Vienna and even have the impertinence to copy the slogans of the International Communist Movement to spread confusion. Let’s make it totally clear that these people are traitors, snitches and torturers. Everyone who is publishing their garbage is following the plan of the class enemy.
