

VIDEO OF THE GREAT DEMONSTRATION OF THE FRDDP OF BRAZIL IN DEFENCE OF CHAIRMAN GONZALO AND HIS ALMIGHTY GONZALO THOUGHT

With deep emotion, immense joy and revolutionary optimism at the top for the successful advance of the International Campaign for the Defence of Chairman Gonzalo and his Almighty Gonzalo Thought, we report on the video published by the democratic newspaper A Nova Democracia of Brazil of the great and impressive march of the peasants of the “Liga dos Camponeses Pobres” (LCP) and other revolutionary masses organised by the “Frente Revolucionária de Defesa dos Direitos do Povo” (FRDDP) of Brazil published on the 17th of this month. This event constitutes an elevation of the campaign in Brazil and on a world level both for its content, for the mobilisation of the masses belonging to the deepest and most profound part of the Brazilian people, for the triumphal hymns and banners of the international proletariat and the Brazilian peasantry, of the people’s war in Peru, for the central speech, the slogans of the campaign and the slogans chanted by the masses themselves; It is a great triumph for Maoism, the people’s war, the Party, the international communist movement and the peoples of the world; at the same time, it is a hard blow against imperialism, reaction and the rats of the revisionist and capitulationist right opportunist line (ROL). But we lack words to describe all that we felt when we saw this video, which we put at your disposal so that you can appreciate it in its full dimension:
