

# **Joint statement from France: Boycott the elections! Long live the Revolution!**

*Comrades from France have published a statement, which can be found on the site [nouvelleepoque.fr](http://nouvelleepoque.fr) and [causedupeuple.info](http://causedupeuple.info).*

The imperialist war is raging in the world, reinforcing the exploitation and oppression of the peoples by a handful of imperialists. The crisis accelerates conflicts and strengthens opportunists and reactionaries of all kinds who try to crush us at all levels. In France, exploitation increases when our purchasing power decreases, and the upcoming election serves to legitimize this social order. Faced with the bourgeoisie, the proletariat can only have one answer to break it:

**Boycott the elections! Long live the Revolution!**

BOYCOTT DES  
ÉLECTIONS  
VIVE LA REVOLUTION!
